

Adam-

I just wanted to sincerely thank you for the opportunity you have given me this summer. Legal internships are extremely hard to come by and for you to take me in and give me this exposure is beyond generous. I can definitely say that I have learned a lot on so many different levels; from being in the court room, to observing depositions in the conference room, to sitting at your desk and have you explain something to me. The knowledge I have taken in will be with me for a long time and I will never forget this experience. I am now 100% positive that I want to go to law school and am very intrigued at the prospect of practicing real estate law one day. It does not take much knowledge for me to be able to tell that you are an outstanding attorney and learning under your wing has been special. Your work ethic is inspiring and I one day hope to be on your level. Thank you again.

Sincerely,

Ian
