According to Bob Blumberg, President and Chief Executive Officer at BlumbergExcelsior Inc., "These new lease forms account for changes and developments in the law during the last quarter century. Each comprehensive form better protects and secures property owners' rights and also adapts the lease to current technological changes affecting property owners. By using these forms, property owners will be better able to increase and maintain rental income as well as comply with all applicable laws."

These forms provide Blumberg customers with lease provisions to facilitate the eviction of tenants who chronically pay rent late, harbor pets illegally or refuse to vacate after the termination of the lease. These leases also regulate acceptable noise levels – including musical instruments and sound producing electronic devices, prohibit or regulate smoking; and include measures to decrease the proliferation and spread of mold.

"Blumberg's legal team in conjunction with prominent real estate attorneys from Adam Leitman Bailey, P.C. have put together the most remarkable lease agreements that will certainly better protect property owners" noted Mr. Blumberg.
