Adam,

Thank you so much for taking the time to come up and participate in xxx program, A Road less Travelled, and for underwriting it. I can't tell you how many wonderful comments we have received already about the program! We could never have done this without your generous support. Our students and the alumni who participated all felt it was a terrific program and really worthwhile. While we expected good attendance we certainly did not expect the number of students who actually participated.

Many commented that you were an excellent moderator in that you made sure to continually shift the conversation back to how what was being said was relevant to the students. Thank you again.
